—THE HOUSE—

BALCÓN DE CÓRDOBA

The hotel is located in an emblematic house in the old town of Cordoba, built on a site with centuries of history.

The carefully restored 17th century building is distributed over two floors around three courtyards: Patio del Naranjo, Patio Cubierto and Patio de las Flores.

True to the tradition of medieval Spanish dwellings, the house opens inward, protected from the hustle and bustle outside by walls and lattices, creating a unique atmosphere of tranquility, freshness and comfort.

With only 10 exclusive rooms, the hotel offers an intimate and relaxing space, ideal to disconnect and enjoy a serene atmosphere in the heart of Cordoba.

A direct connection with the history, landscape, and traditional local elements of the city.

The layout of the house, preserving its most significant spaces, offers a unique experience that combines comfort with exceptional care.

The lamp has a simple, cylindrical base and a wide, conical shade. To the right of the lamp is a large window with a dark frame. The window is partially open, revealing a view of a city. In the foreground, a dark, textured surface, possibly a bed or a desk, is visible. The overall atmosphere is cozy and intimate.

Lovely boutique hotel

An excellent boutique hotel, located very centrally, a really short walk from the cathedral - mosque. The staff are friendly and professional and made us feel immediately welcome. Rooms are very comfortable and we thoroughly enjoyed the breakfasts and dinners in the hotel courtyard. There is a rooftop bar with superb views of the city. Well worth a stay!

EL PATIO DEL NARANJO

OUR *Courtyard*

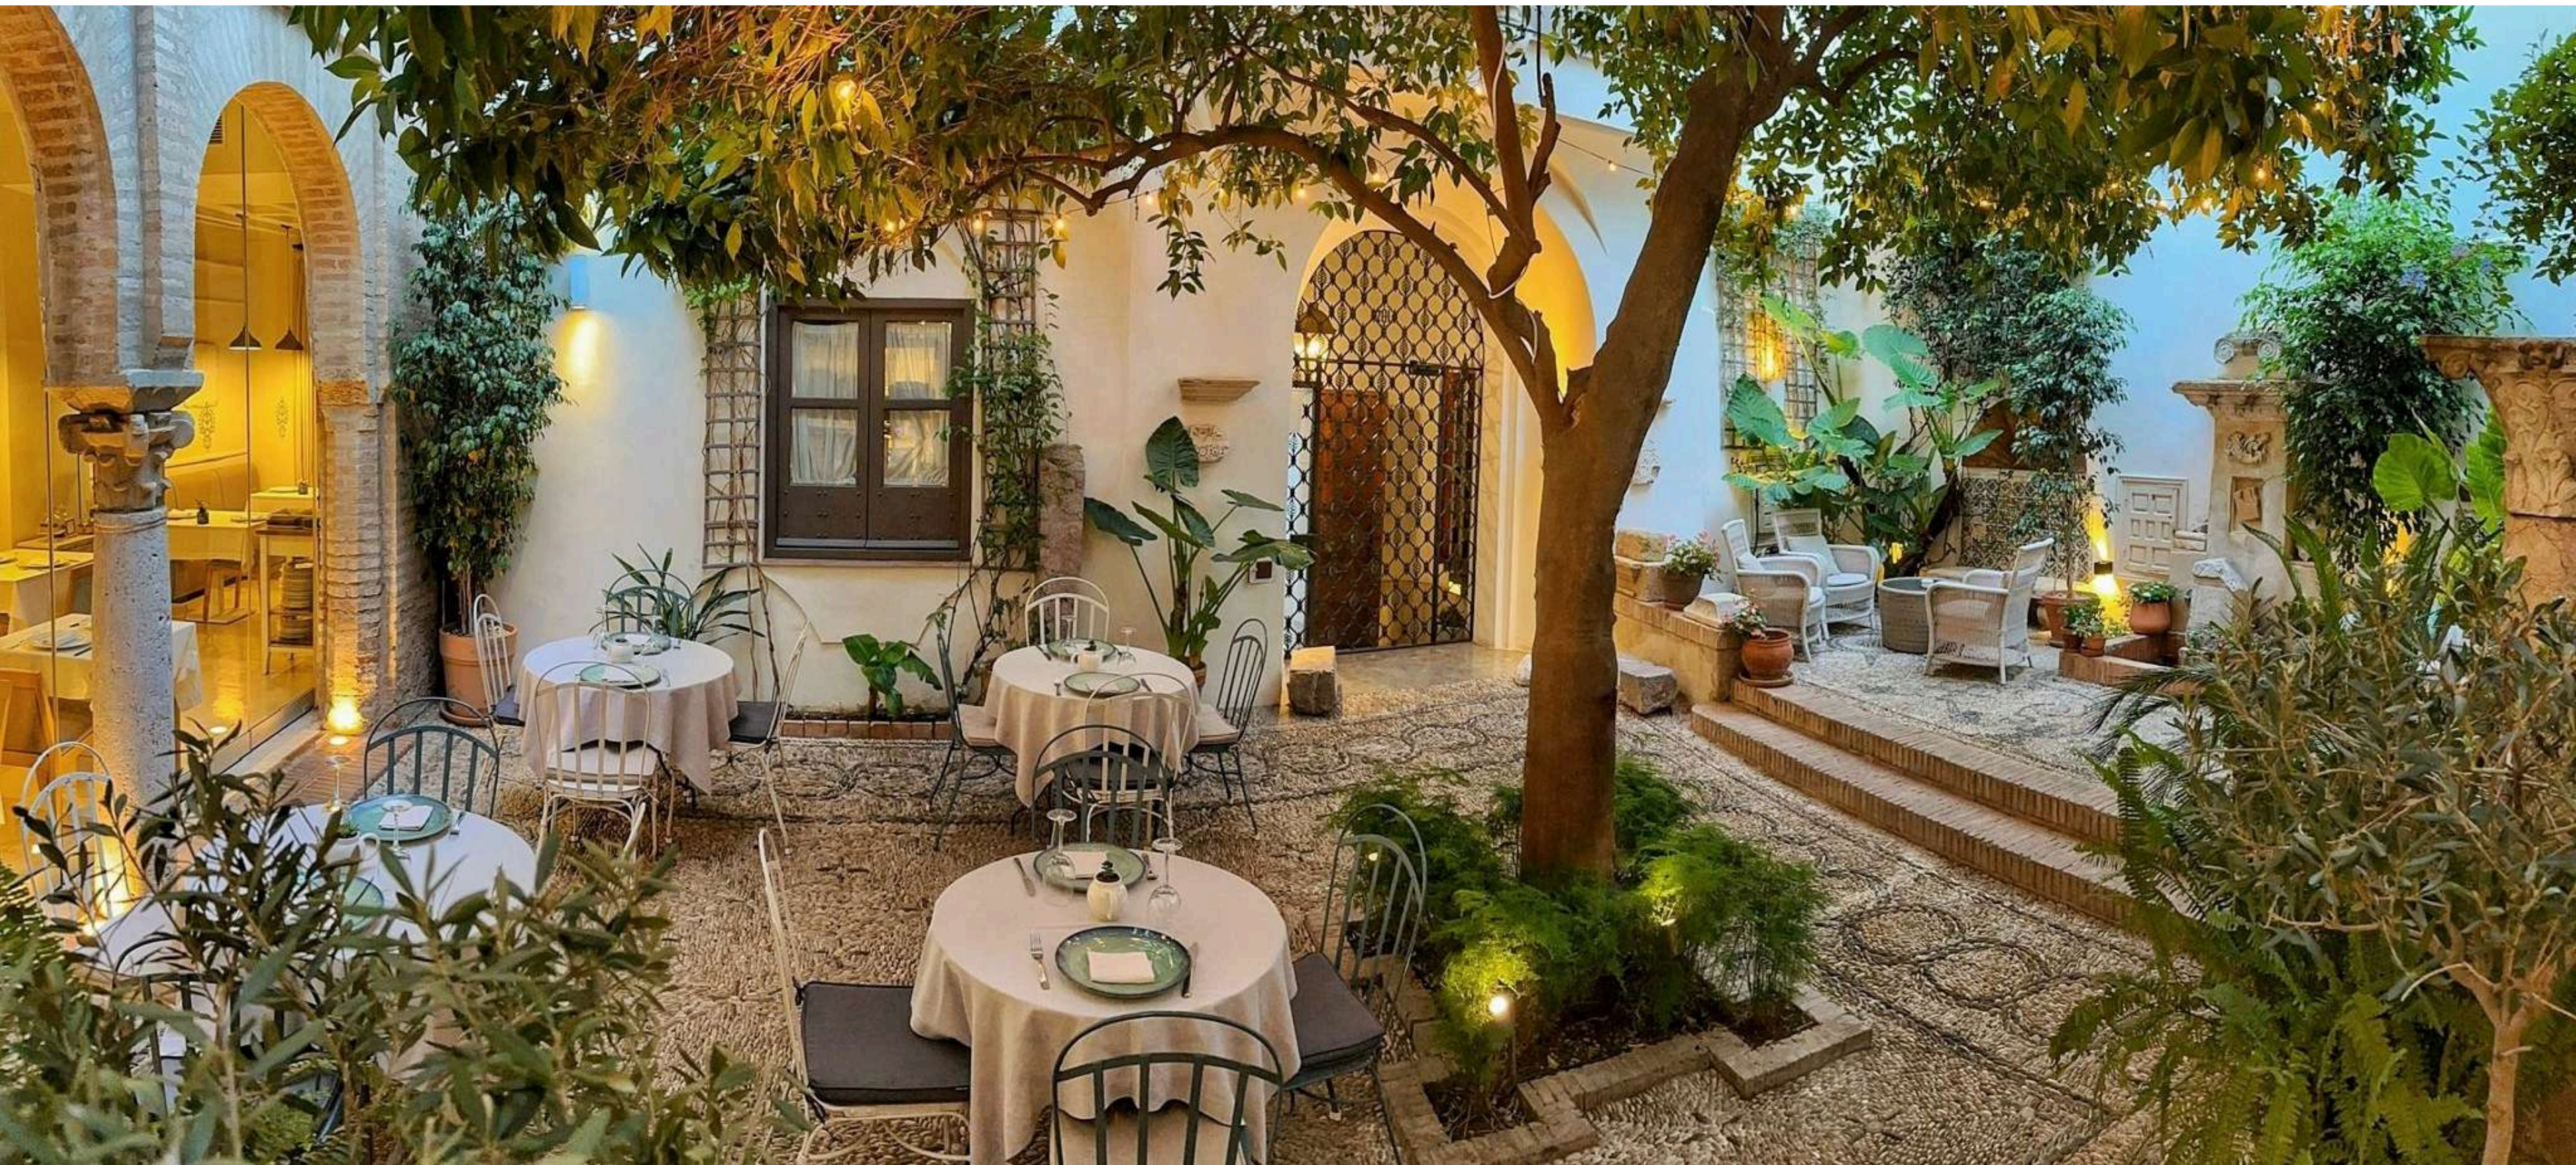

Its protagonist, a centennial orange tree, provides shade on warm summer days. In spring, its orange blossom flowers release an unmistakable fragrance.

Every year, its fruits are carefully harvested to make delicious homemade jams, fluffy cakes, and artisanal cookies, which are part of our breakfasts.

In this way, the essence of our courtyard becomes a small pleasure for the palate, offering our guests an authentic and natural taste.

The Patio del Naranjo is more than just a space; it is a symbol of tradition, hospitality, and the charm that defines our hotel.

Restaurant

BALCÓN DE CÓRDOBA

breakfast - lunch - dinner

Sheltered by the walls of the main house, we offer two distinct dining spaces, each defined by its history, setting, and menu, where you can savor the delights of our culinary and wine offerings.

On one side, there is our courtyard and lounge, centered around a centennial orange tree, which we use to create some of our most homemade dishes.

A place for gathering and communication, enhanced by the tranquility of the fountain's water and the natural ventilation and freshness that so characterizes a traditional Cordoban courtyard. It is the perfect setting to enjoy a signature meal or dinner in a natural and historic environment.

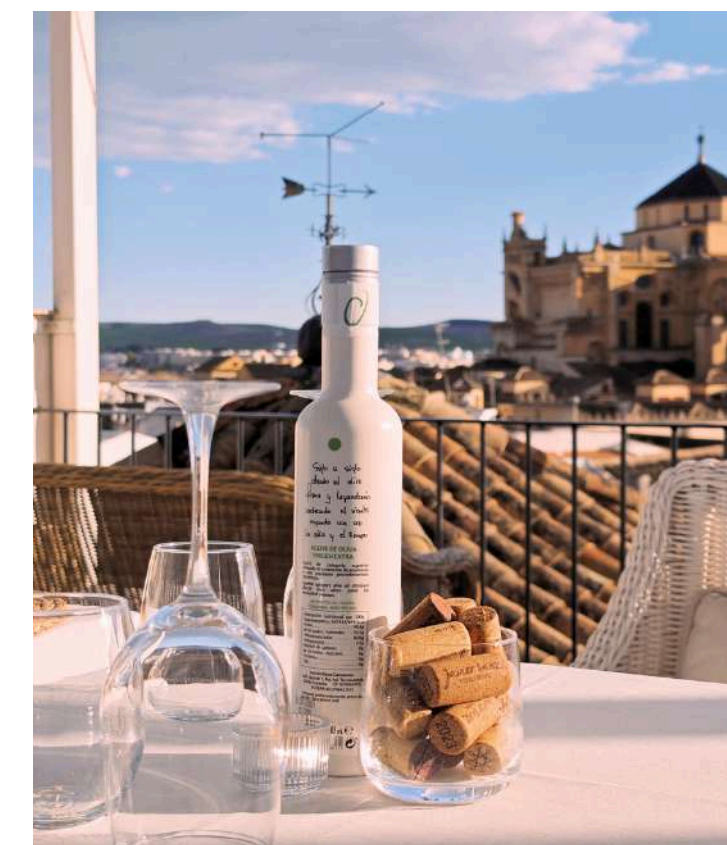

RESTAURANT EL BALCÓN DE CÓRDOBA *-the rooftop-*

On the other side, there is our terrace with views of the Mosque-Cathedral, where you can enjoy, from midday until dusk, our selection of wines and cocktails accompanied by traditional Cordoban tapas and sweets.

Two distinct atmospheres, each with very different offerings, catering to all tastes, where you can sample both traditional and innovative dishes made with fresh, locally-sourced, and seasonal ingredients.
